INSURGENTS WIN.

Cape Haytien, Nov. 25.—The city of San Domingo has surrendered to the besieging force of insurgents. President Gill and his ministers have taken refuge on a German warship.

The rebels, under the leadership of ex-President Jimenez have been bombarding the city of San Domingo for over a month. During that time German marines have been landed in the town and President Wos Gill has lived most of the time in the residence of the German Minister. The rebels recently stated that they would refuse, in case of their success, to meet the claims of the United States against San Domingo so interesting results may follow their capture of the city and the ousting of the Wos Gill government.

ODD FELLOWS BRING SUIT.

Excelsior Lodge, No. 1, I. O. O. F., of Honolulu, yesterday brought suit against the Honolulu Rapid Transit & Land Company for \$5,000 damages, alleging injury to the Excelsior Lodge property on Fort Street, opposite the Catholic convent, by reason of a switch recently installed there by the company.

The lodge states the value of its land, prior to the putting in of the switch, to have been \$31,000.

Allegation states that, on November 14, the street railway company during the afternoon and night laid the switch without lawful authority or any franchise and against the will of the owner of the property. The track runs so close to the curb, says the complaint, as to prevent vehicles from making use of that side of the street.

It is said that employees putting in the switch refused to heed a written order signed by Judge Robinson for the company to show cause why it should not be enjoined.
